Conveyors, Inc., a family owned and operated company, was organized in 1974 and has developed over the past 40 years into a "Leader in Value-Added Conveying Equipment with World Class Experience". Conveyors, Inc. utilizes more than 100,000 square feet of manufacturing space and over 150 shop personnel to supply the highest quality bulk material handling equipment available. In order to provide the most efficient delivery of our equipment we are centrally located just south of the Ft. Worth-Dallas metroplex in Mansfield, Texas. Many industries such as the paper pulp and wood bi-products, agricultural, wastewater treatment, cement, rock and aggregate, chemical development, food processing and rendering, along with the recycling industry take advantage of our superior bulk material handling equipment design and manufacturing.

We take pride in offering the highest quality products and services at the most competitive prices. For the majority of 4 decades, we have developed our business based entirely on customer satisfaction and by "word of mouth" to maintain and gain new customers. In order to make Conveyors, Inc. equipment more available and to provide improved customer service, we are developing a network of sales representatives throughout the United States, Canada, Mexico and the Caribbean. Our experienced sales and engineering staff are waiting and prepared to help you with all your material handling equipment needs. "What can we build for you TODAY?"
